

# Special Event!

**“Live from the Galapagos”  
on World Oceans Day  
June 8th from 3:30 - 4:00 pm  
Smithsonian’s National  
Museum of Natural History**

- Join "Her Deepness" Sylvia Earle in the Baird Auditorium for a live conversation with coral scientists aboard the Khaled bin Sultan Living Oceans Foundation research ship *Golden Shadow* In the Galapagos.
- Hear chief scientist Dr. Andrew Bruckner 's update of current coral reef research into how corals and marine systems are recovering from bleaching events.
- The conversation will include photos and video from renowned natural history cameraman Doug Allen.
- See it in the museum or streamed live on [www.livingoceansfoundation.org](http://www.livingoceansfoundation.org) and on the Smithsonian Ocean Portal, [www.ocean.si.edu](http://www.ocean.si.edu).
