

**Coastal America Student Ocean Art Contest
2011-2012**

Principle 1

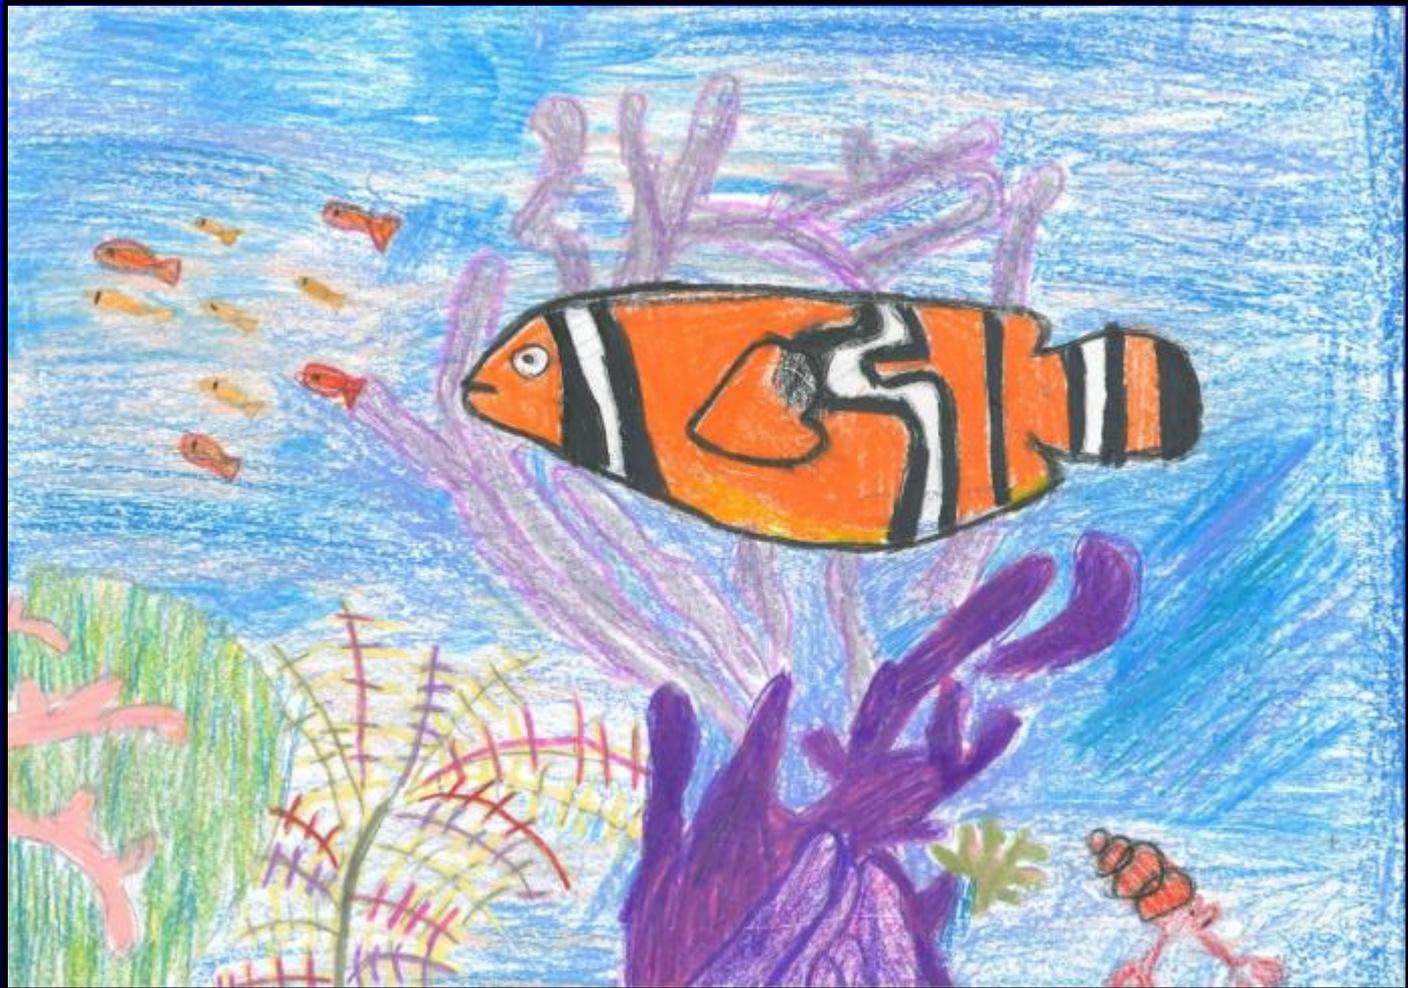

The Earth has one big Ocean with many features.

The Earth has one big Ocean with many features.

**Summer Lang, 1st Grade
Vancouver Aquarium**

The Earth has one big Ocean with many features.

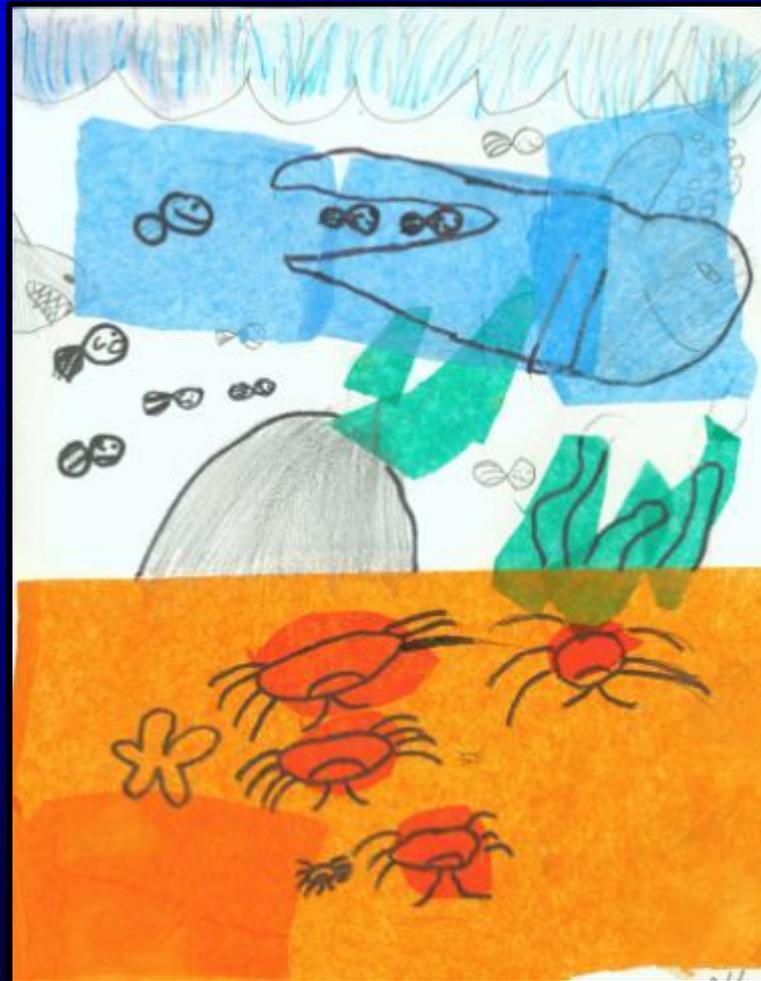

**Kirsten Wilson, 2nd Grade
National Aquarium in Baltimore**

The Earth has one big Ocean with many features.

**David Pang, 2nd Grade
National Aquarium in Baltimore**

The Earth has one big Ocean with many features.

**Addy Nachtrieb, 2nd Grade
Seattle Aquarium**

The Earth has one big Ocean with many features.

Michaela Irwin, 4th Grade
Texas State Aquarium

The Earth has one big Ocean with many features.

**Riley C. Knott, 4th Grade
Alaska SeaLife Center**

The Earth has one big Ocean with many features.

**Mikayla McDonald, 5th Grade
Dauphin Island Sea Lab**

The Earth has one big Ocean with many features.

**Casey Andrion, 5th Grade
The Florida Aquarium**

The Earth has one big Ocean with many features.

**Joyce Zhang, 5th Grade
National Aquarium in Baltimore**

The Earth has one big Ocean with many features.

**Joseph Wang, 5th Grade
National Aquarium in Baltimore**

The Earth has one big Ocean with many features.

Juliana Yu, 5th Grade

National Aquarium in Baltimore

The Earth has one big Ocean with many features.

Rochelle Bautista, 5th Grade

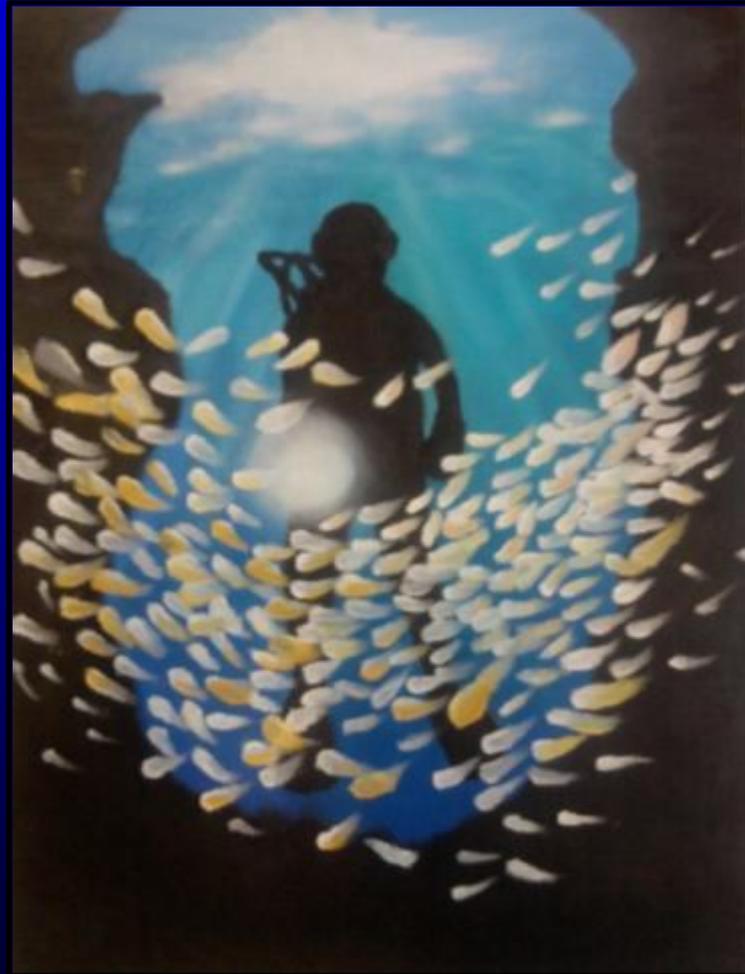

Vancouver Aquarium

The Earth has one big Ocean with many features.

**Grace Zhang, 7th Grade
National Aquarium in Baltimore**

The Earth has one big Ocean with many features.

**Carmen Zheng, 9th Grade
Aquarium of the Pacific**

The Earth has one big Ocean with many features.

**Pauline Chen, 11th Grade
Aquarium of the Pacific**

Principle 2

**The Ocean and life in the Ocean shape
the features of Earth.**

The Ocean and life in the Ocean shape the features of Earth.

**Margarita Calderon Figueroa, 1st Grade
Acuario de Veracruz**

The Ocean and life in the Ocean shape the features of Earth.

**Carol Zhou, 5th Grade
Georgia Aquarium**

The Ocean and life in the Ocean shape the features of Earth.

**Sydney Bernal, 10th Grade
Texas State Aquarium**

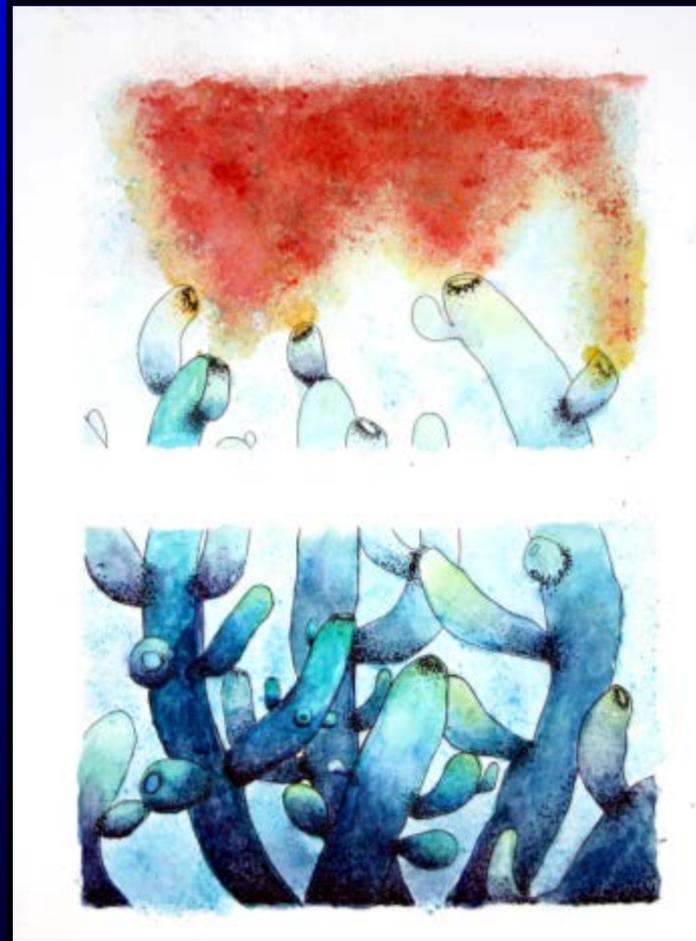

The Ocean and life in the Ocean shape the features of Earth.

Sam Rios-Arizala, 11th Grade

The Florida Aquarium

The Ocean and life in the Ocean shape the features of Earth.

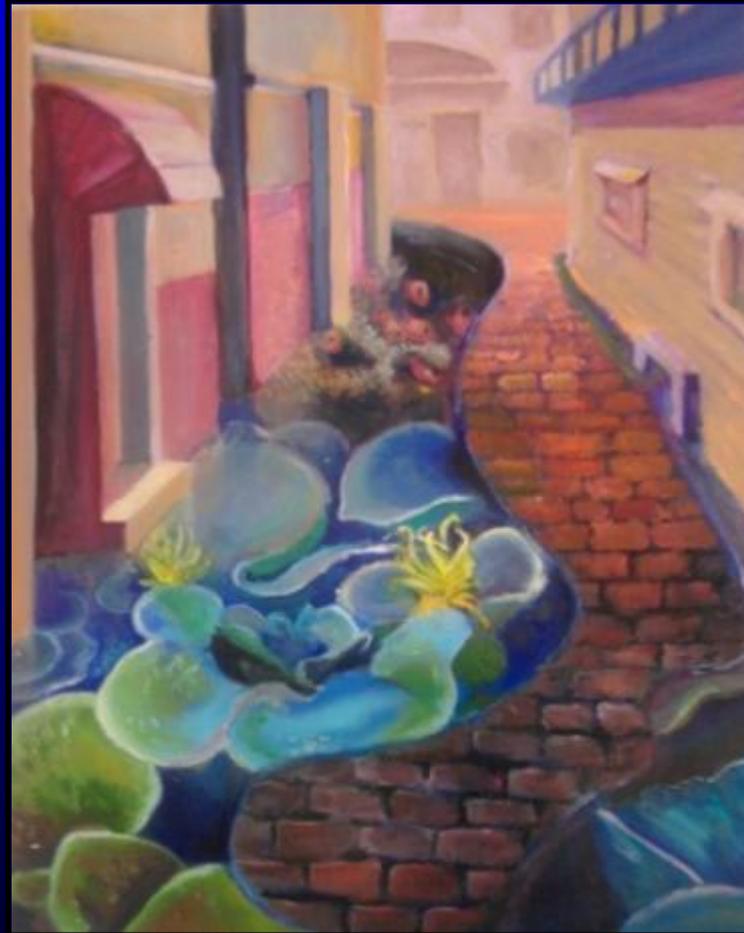

**Perla Jimenez, 11th Grade
The Florida Aquarium**

The Ocean and life in the Ocean shape the features of Earth.

**Carley Goff, 12th Grade
Dauphin Island Sea Lab**

The Ocean and life in the Ocean shape the features of Earth.

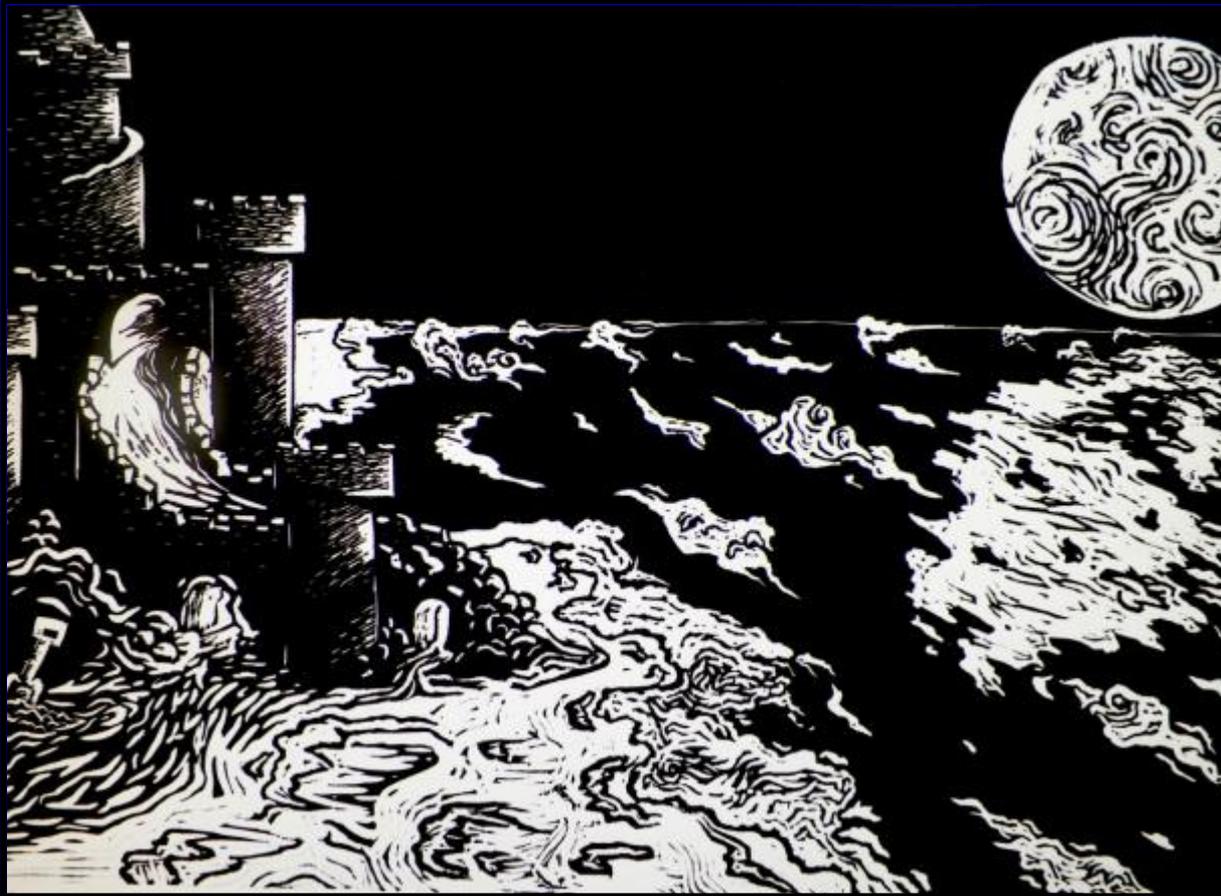

**Fan Zhang, 12th Grade
National Aquarium in Baltimore**

The Ocean and life in the Ocean shape the features of Earth.

**Aida Luengas Cobos, College Freshman
Acuario de Veracruz**

The Ocean and life in the Ocean shape the features of Earth.

**Teresa Miles, College Senior
Texas State Aquarium**

Principle 3

The Ocean is a major influence on weather and climate.

The Ocean is a major influence on weather and climate.

**Rhiannon Hayes-McQueen, 2nd Grade
Seattle Aquarium**

The Ocean is a major influence on weather and climate.

**Evan Schlifstein, 5th Grade
The Florida Aquarium**

The Ocean is a major influence on weather and climate.

Cyndy Fu, 5th Grade
Vancouver Aquarium

The Ocean is a major influence on weather and climate.

**MayKelis Cortorreal, 6th Grade
The Florida Aquarium**

The Ocean is a major influence on weather and climate.

Cheyenne Daniel, 6th Grade
The Florida Aquarium

The Ocean is a major influence on weather and climate.

**Rachel Ragusa, 6th Grade
The Florida Aquarium**

The Ocean is a major influence on weather and climate.

**Ethan Hendrix, 6th Grade
Dauphin Island Sea Lab**

The Ocean is a major influence on weather and climate.

**Laura McCrum, 7th Grade
Hatfield Marine Science Center**

The Ocean is a major influence on weather and climate.

**Vanessa Machuca, 10th Grade
Aquarium of the Pacific**

Principle 4

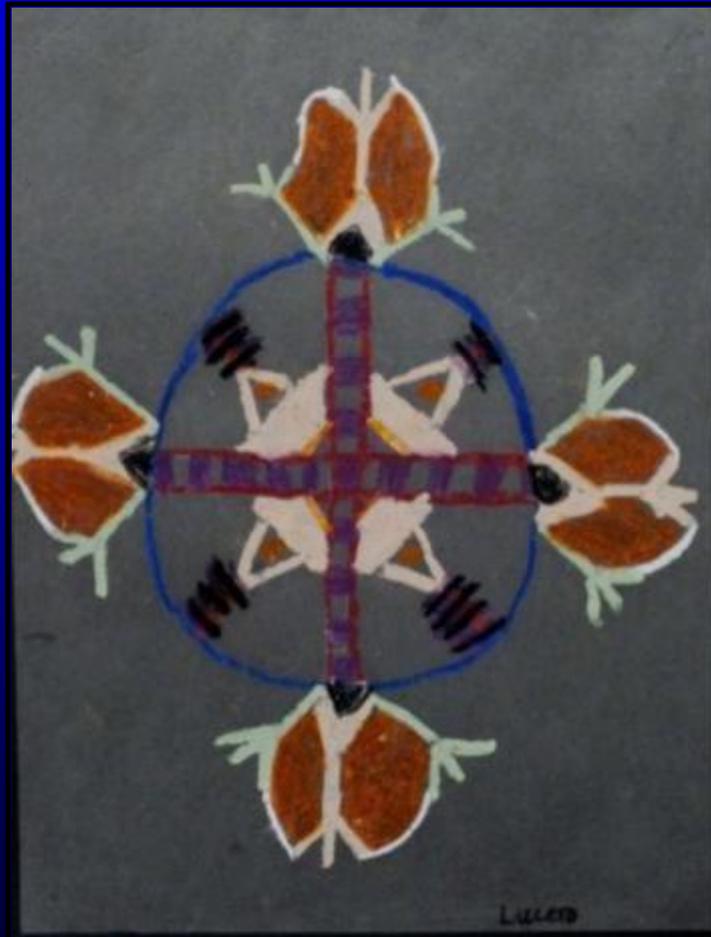

The Ocean makes Earth habitable.

The Ocean makes Earth habitable.

**Karen Itzel Flores Rosales, 3rd Grade
Acuario de Veracruz**

The Ocean makes Earth habitable.

**Lucero Reyes, 4th Grade
Hatfield Marine Science Center**

The Ocean makes Earth habitable.

**Katie Milford, 5th Grade
The Florida Aquarium**

The Ocean makes Earth habitable.

**Chelsea Briggs, 7th Grade
Waikiki Aquarium**

The Ocean makes Earth habitable.

**Barbara Canales Jaime, 8th Grade
Acuario de Veracruz**

The Ocean makes Earth habitable.

Catlin Woods & Gerrad McLaurin, 12th & 11th Grade
JL Scott Marine Education Center - Gulf Coast Research Lab

The Ocean makes Earth habitable.

**Ivonne Orjuela, 12th Grade
The Florida Aquarium**

Principle 5

**The Ocean supports a great diversity
of life and ecosystems.**

The Ocean supports a great diversity of life and ecosystems.

**Alejandro Elizondo, Kindergarten
Texas State Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Pramaditha Sithumini Madigapola, 1st Grade
Aquarium of the Pacific**

The Ocean supports a great diversity of life and ecosystems.

**Ellie Sears, 1st Grade
Georgia Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Sydney Zeman, 1st Grade
Texas State Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Cole Carpenter, 1st Grade
Waikiki Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Emily Geraghty, 1st Grade
Vancouver Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Isabel Brown, 2nd Grade
Alaska SeaLife Center**

The Ocean supports a great diversity of life and ecosystems.

Minky Liu, 2nd Grade
Hatfield Marine Science Center

The Ocean supports a great diversity of life and ecosystems.

**Youngseo Song, 2nd Grade
Aquarium of the Pacific**

The Ocean supports a great diversity of life and ecosystems.

Helena Panuthos, 2nd Grade
The Florida Aquarium

The Ocean supports a great diversity of life and ecosystems.

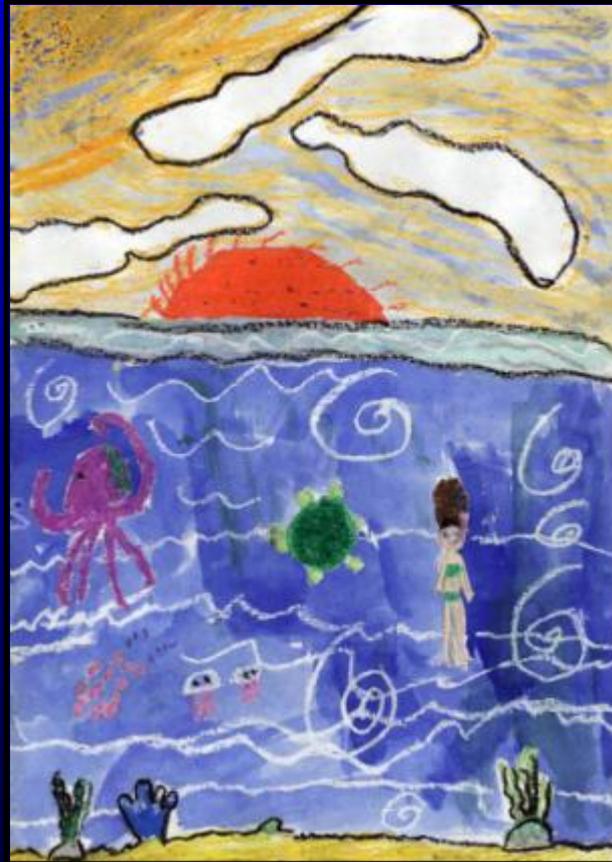

**Gavin Chiofalo, 2nd Grade
Georgia Aquarium**

The Ocean supports a great diversity of life and ecosystems.

Mario Alberto Ponce Lopez, 2nd Grade
Acuario de Veracruz

The Ocean supports a great diversity of life and ecosystems.

**Elizabeth Bevins, 2nd Grade
North Carolina Aquariums**

The Ocean supports a great diversity of life and ecosystems.

**Andrea G. Aguilar Cobos , 2nd Grade
Acuario de Veracruz**

The Ocean supports a great diversity of life and ecosystems.

**Phuong Huynh, 2nd Grade
Waikiki Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Casey J Lambries, 3rd Grade
Alaska SeaLife Center**

The Ocean supports a great diversity of life and ecosystems.

**Wendy Barrientos, 3rd Grade
Dauphin Island Sea Lab**

The Ocean supports a great diversity of life and ecosystems.

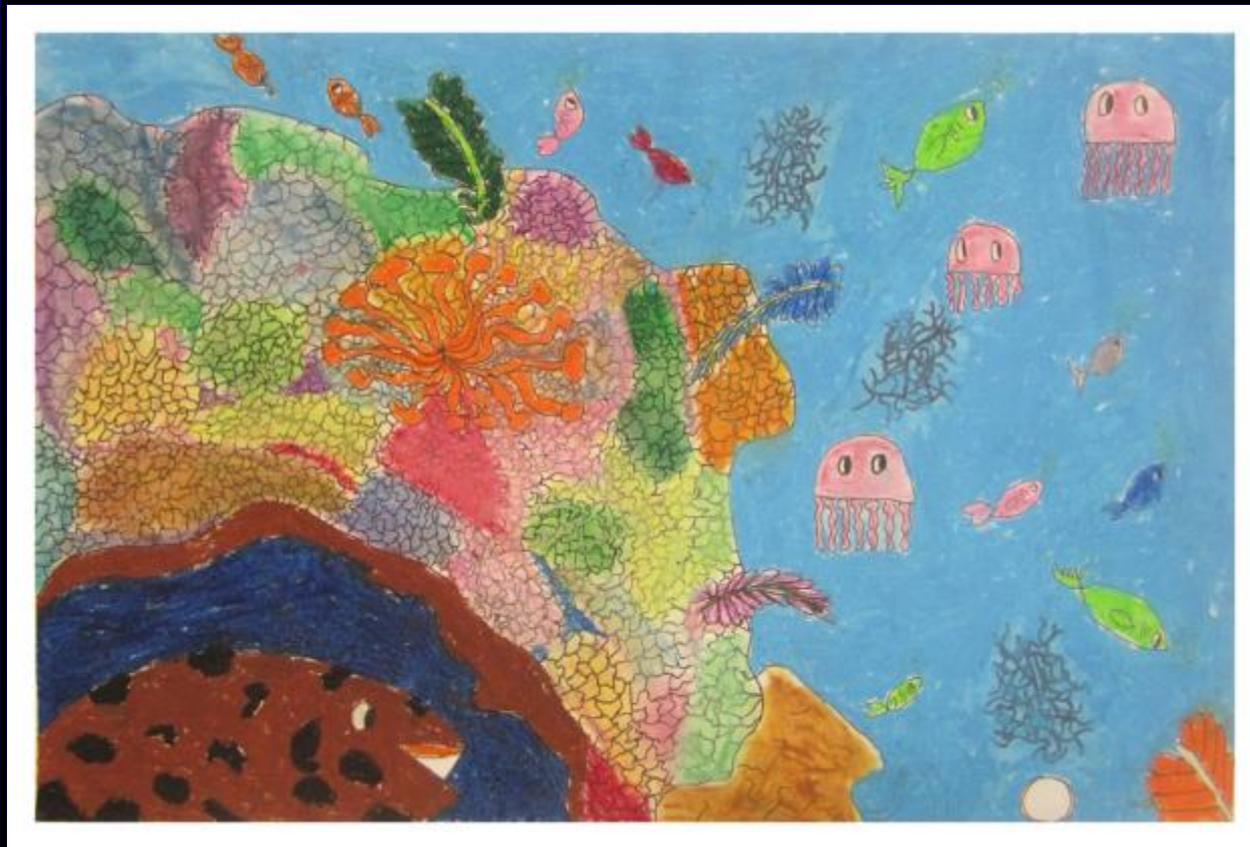

**KeAnthony Richey, 3rd Grade
Dauphin Island Sea Lab**

The Ocean supports a great diversity of life and ecosystems.

**Gabriela Garcia, 3rd Grade
Texas State Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Kayla Smith, 3rd Grade
Georgia Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Toshiyuki Kamohara, 3rd Grade
Aquarium of the Pacific**

The Ocean supports a great diversity of life and ecosystems.

**Reem Algazar, 3rd Grade
Aquarium of the Pacific**

The Ocean supports a great diversity of life and ecosystems.

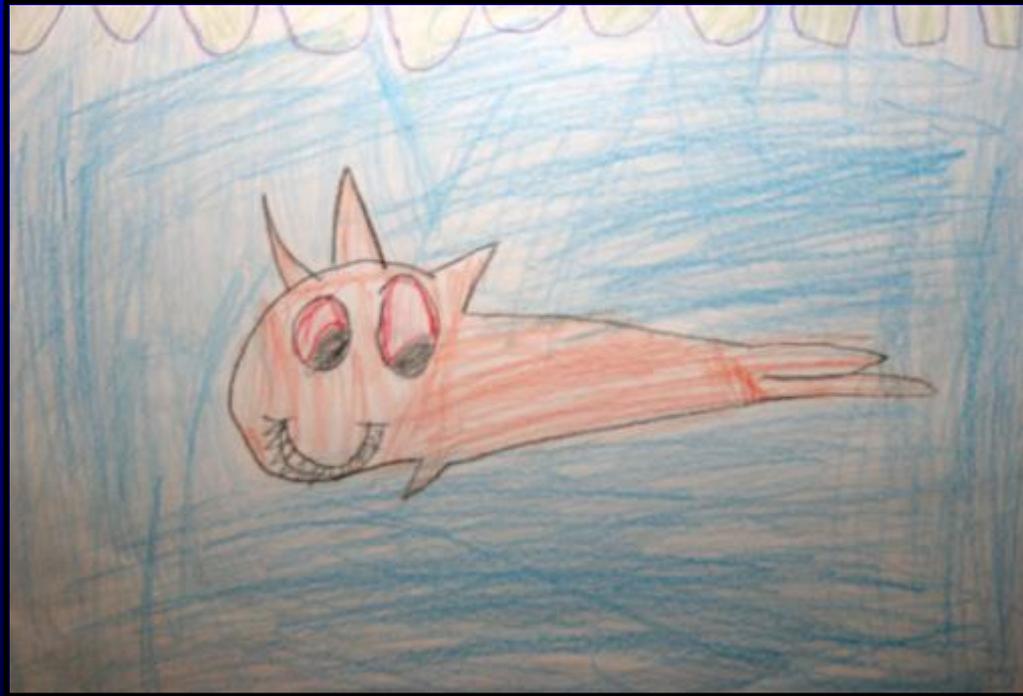

**Luca Chierotti, 4th Grade
Seattle Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Andres Madrid Ucha, 4th Grade
Acuario de Veracruz**

The Ocean supports a great diversity of life and ecosystems.

**Maleena Zindadil, 5th Grade
Aquarium of the Pacific**

The Ocean supports a great diversity of life and ecosystems.

**Matthew Masaki, 5th Grade
Waikiki Aquarium**

The Ocean supports a great diversity of life and ecosystems.

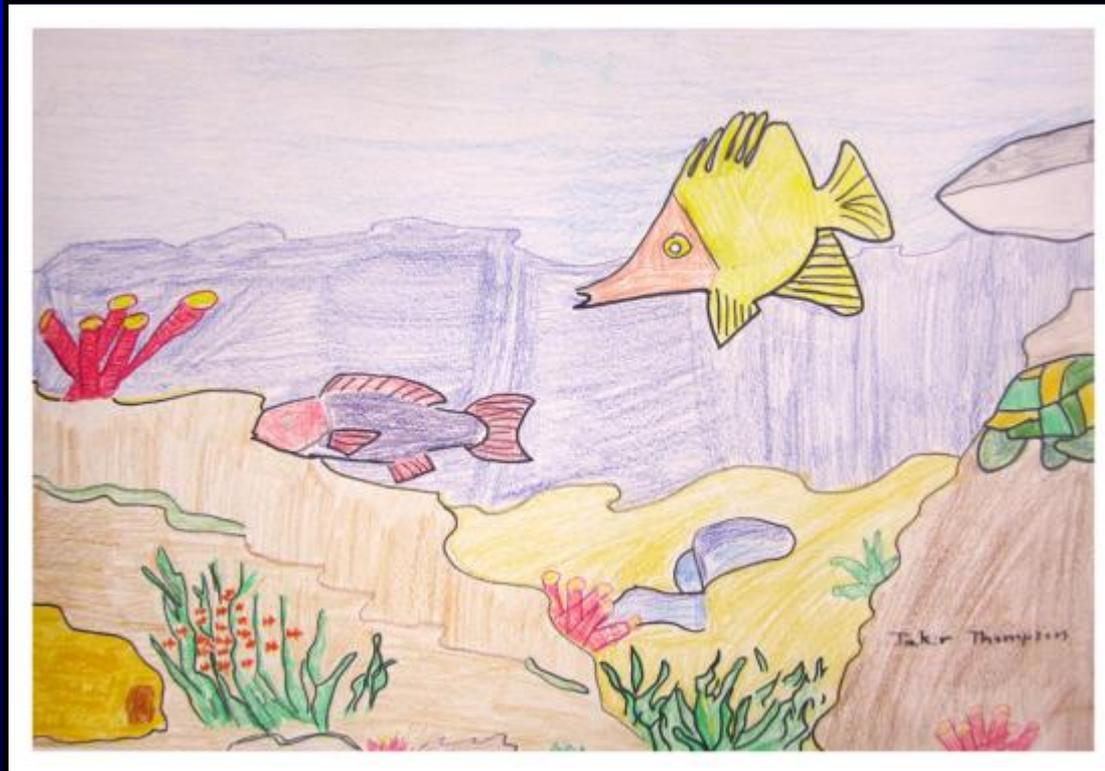

**Graham Trask, 5th Grade
North Carolina Aquariums**

The Ocean supports a great diversity of life and ecosystems.

**Aleah DenBoer, 6th Grade
Aquarium of the Pacific**

The Ocean supports a great diversity of life and ecosystems.

**Jakir Thompson, 6th Grade
Georgia Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Dawson Meacham, 6th Grade
Georgia Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Evan Gurkin, 6th Grade
North Carolina Aquariums**

The Ocean supports a great diversity of life and ecosystems.

Mackenzie Cantu, 6th Grade
Texas State Aquarium

The Ocean supports a great diversity of life and ecosystems.

**Andrea Tobon de la Rosa, 6th Grade
Acuario de Veracruz**

The Ocean supports a great diversity of life and ecosystems.

**Joeseph Payonggayon, 6th Grade
Waikiki Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Ashley Schack, 6th Grade
Texas State Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Juliana Montana, 7th Grade
Adventure Aquarium & NJAAS**

The Ocean supports a great diversity of life and ecosystems.

**Camilo Pareja, 7th Grade
Adventure Aquarium & NJAAS**

The Ocean supports a great diversity of life and ecosystems.

Gabriella Jaspán, 7th Grade
International Game Fish Association

The Ocean supports a great diversity of life and ecosystems.

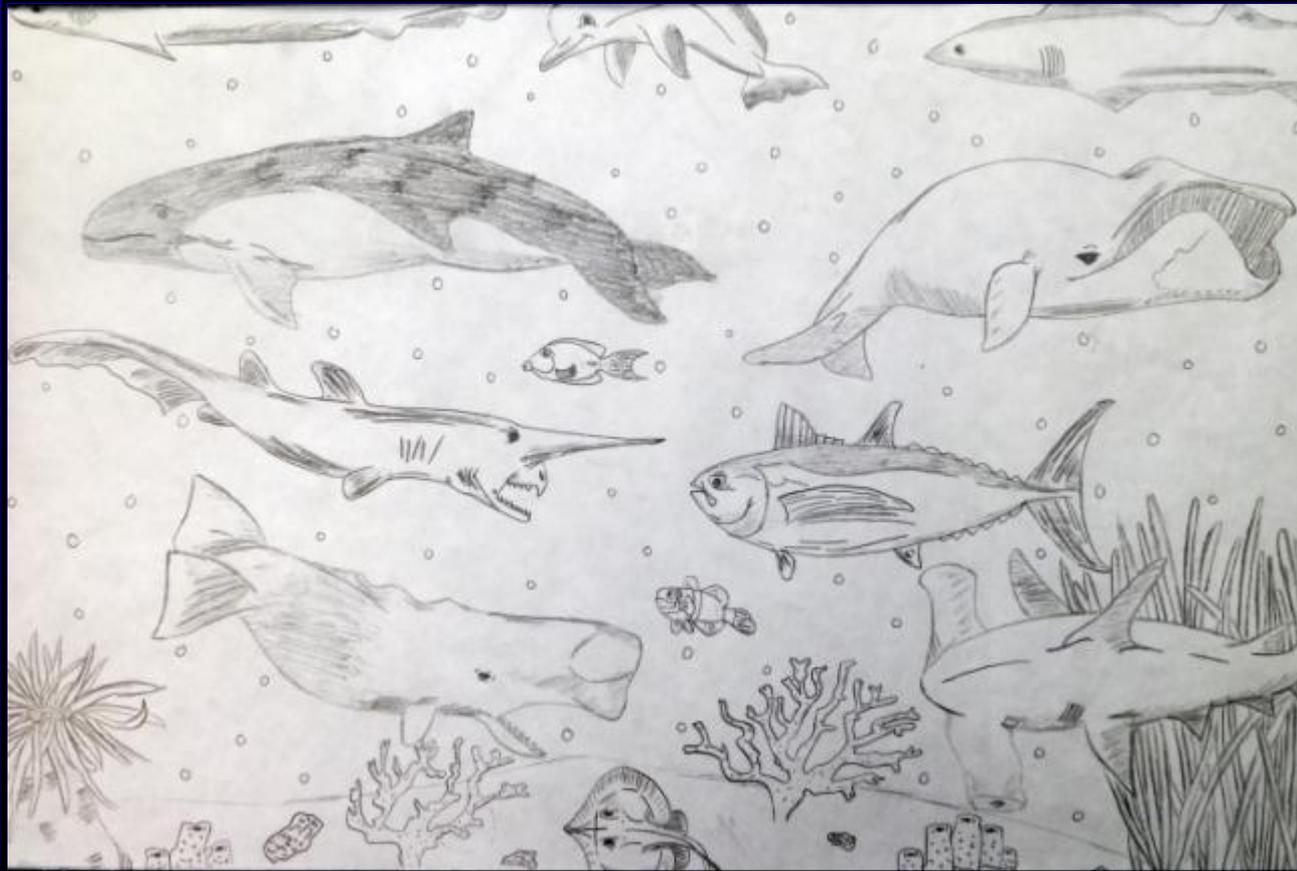

**Rachel Yu, 7th Grade
National Aquarium in Baltimore**

The Ocean supports a great diversity of life and ecosystems.

**Kevin Kuo, 7th Grade
National Aquarium in Baltimore**

The Ocean supports a great diversity of life and ecosystems.

Joshua Vahalik, 7th Grade
Texas State Aquarium

The Ocean supports a great diversity of life and ecosystems.

**Margaret Ren, 7th Grade
National Aquarium in Baltimore**

The Ocean supports a great diversity of life and ecosystems.

Jessica Vazquez, 8th Grade
Aquarium of the Pacific

The Ocean supports a great diversity of life and ecosystems.

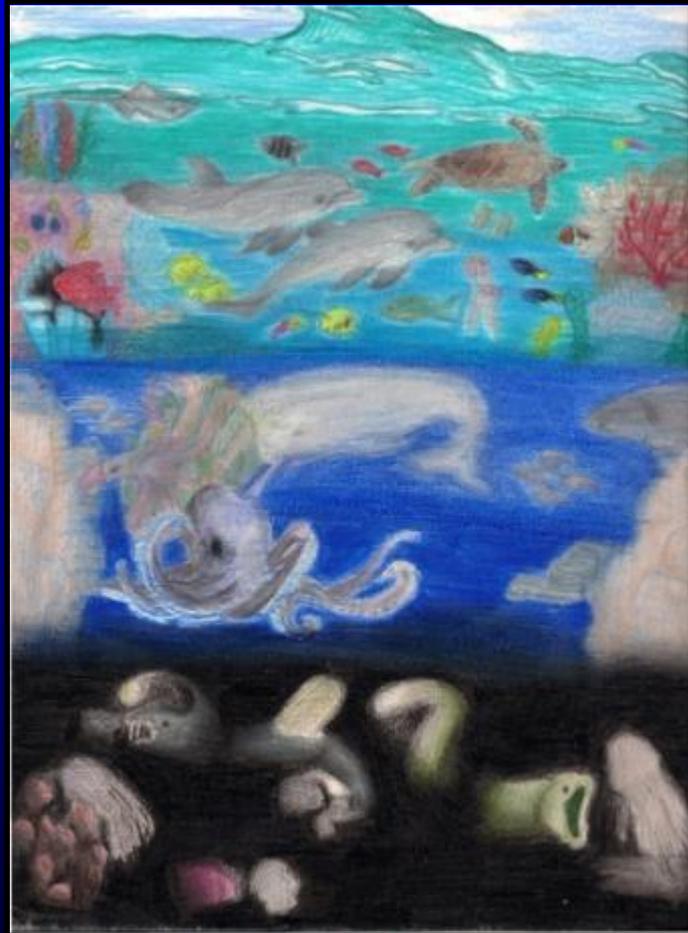

Marjorie Thomas, 8th Grade
Aquarium of the Pacific

The Ocean supports a great diversity of life and ecosystems.

**Olivia Anderson, 9th Grade
Alaska SeaLife Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Tiffany Nguyen, 9th Grade
Aquarium of the Americas**

The Ocean supports a great diversity of life and ecosystems.

**Alison Salamatian, 10th Grade
Mystic Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Ashley Rider, 10th Grade
Texas State Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Suzanne Sawyer, 11th Grade
Adventure Aquarium & NJAAS**

The Ocean supports a great diversity of life and ecosystems.

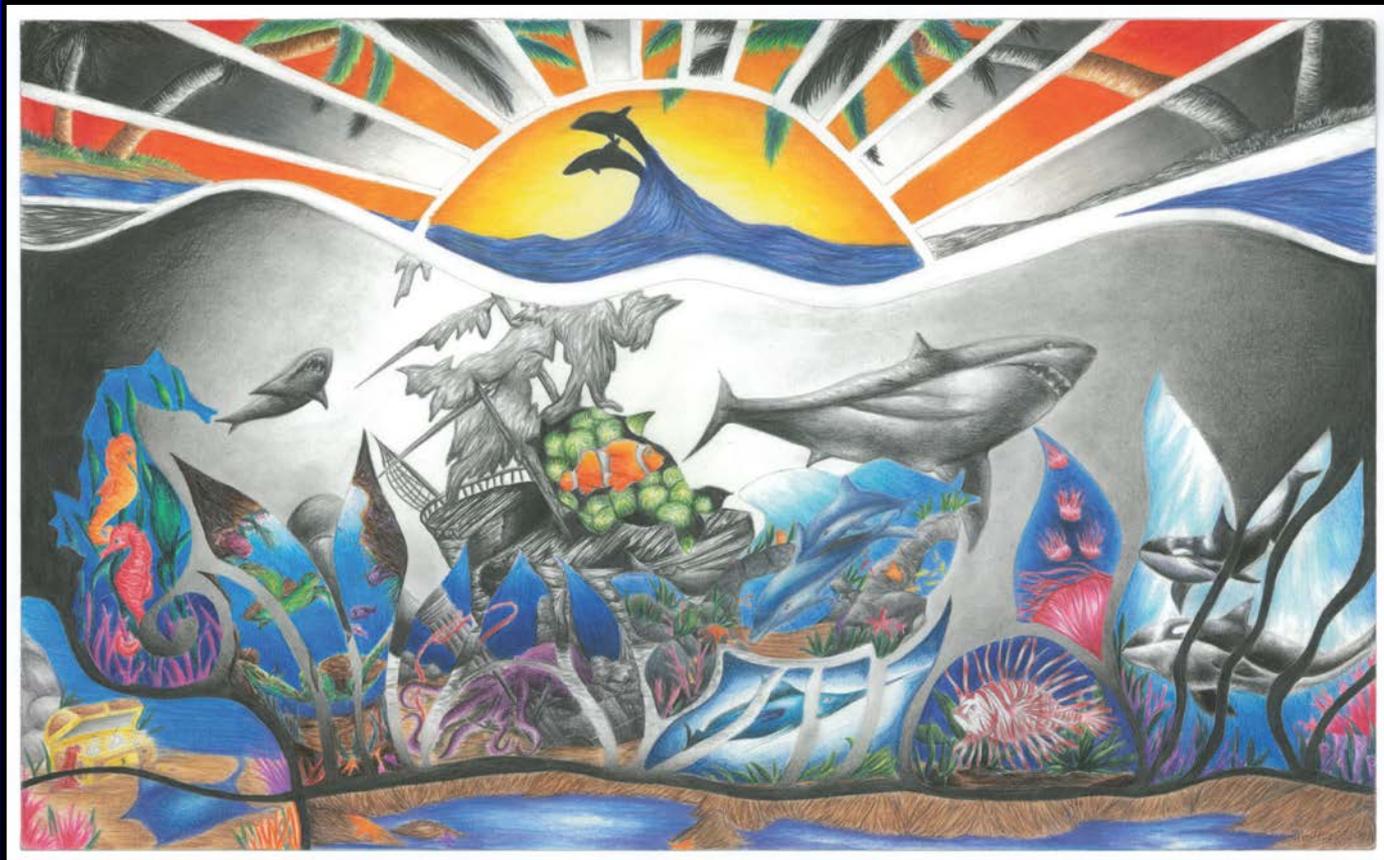

**Matt Powers, 11th Grade
Adventure Aquarium & NJAAS**

The Ocean supports a great diversity of life and ecosystems.

**Katie Monday, 11th Grade
North Carolina Aquariums**

The Ocean supports a great diversity of life and ecosystems.

**Matthew Tsai, 11th Grade
Vancouver Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Julio Alberto Hernandez Viseizo, 11th Grade
Acuario de Veracruz**

The Ocean supports a great diversity of life and ecosystems.

**Troy Souza, 11th Grade
Waikiki Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Troy Souza, 11th Grade
Waikiki Aquarium**

The Ocean supports a great diversity of life and ecosystems.

Tina Yu, 11th Grade
John G. Shedd Aquarium

The Ocean supports a great diversity of life and ecosystems.

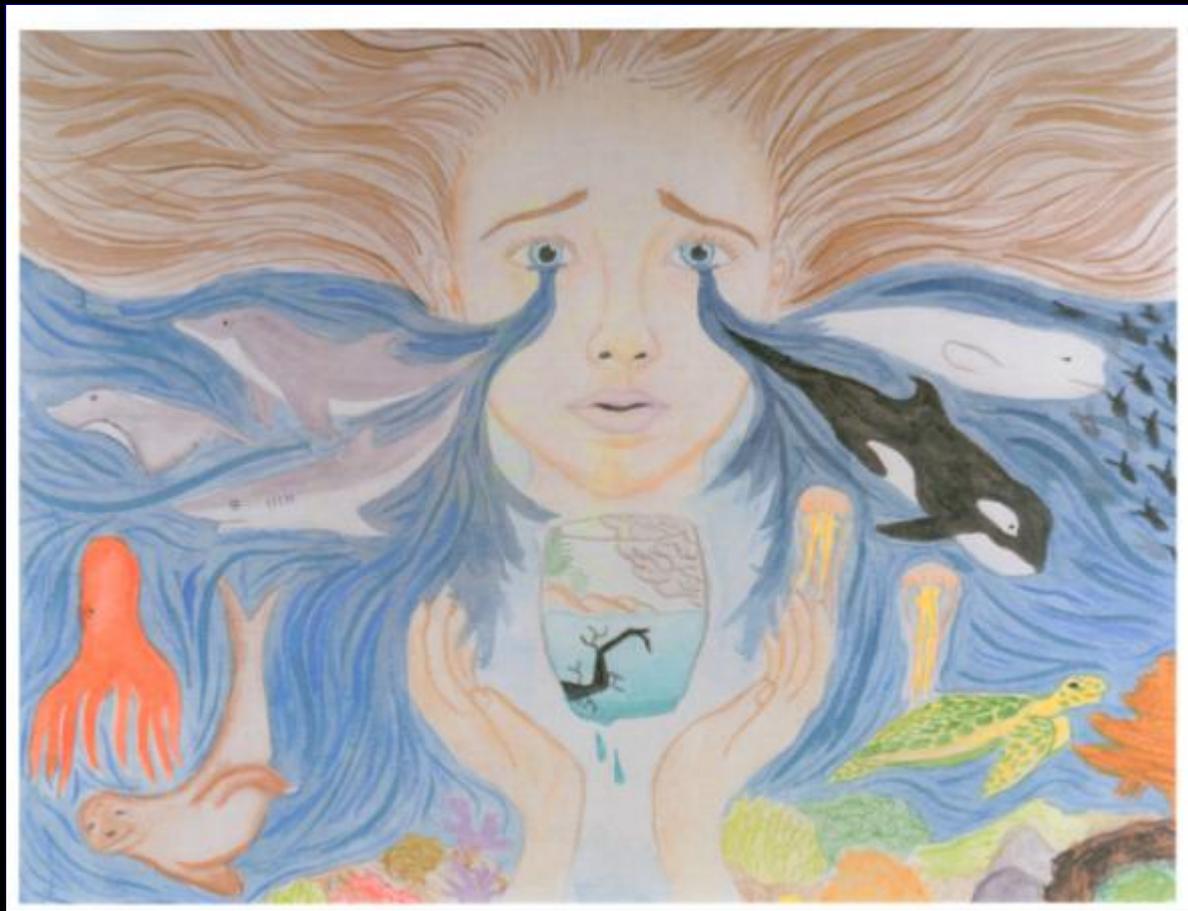

**Jaquariah Bennett, 12th Grade
International Game Fish Association**

The Ocean supports a great diversity of life and ecosystems.

**Mercedes A Rodriguez, 12th Grade
Texas State Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Annika McFarlane, 12th Grade
Vancouver Aquarium**

The Ocean supports a great diversity of life and ecosystems.

**Lindsay von Borstel, University Senior
Alaska SeaLife Center**

The Ocean supports a great diversity of life and ecosystems.

**Lindsay von Borstel, University Senior
Alaska SeaLife Center**

Principle 6

**The Ocean and Humans are
inextricably interconnected.**

**The Ocean and Humans are inextricably
interconnected.**

**Kamille Grecio, 2nd Grade
Alaska SeaLife Center**

**The Ocean and Humans are inextricably
interconnected.**

**Leila Danner, 2nd Grade
Alaska SeaLife Center**

The Ocean and Humans are inextricably interconnected.

Adrian Ramirez-Contreras, 2nd Grade
The Florida Aquarium

**The Ocean and Humans are inextricably
interconnected.**

**Shogo Watanabe, 2nd Grade
Waikiki Aquarium**

The Ocean and Humans are inextricably interconnected.

**Jordan Gonzalez, 3rd Grade
Texas State Aquarium**

**The Ocean and Humans are inextricably
interconnected.**

Amanda Swanson, 3rd Grade

National Mississippi River Museum and Aquarium

**The Ocean and Humans are inextricably
interconnected.**

**Karen Young, 3rd Grade
Waikiki Aquarium**

**The Ocean and Humans are inextricably
interconnected.**

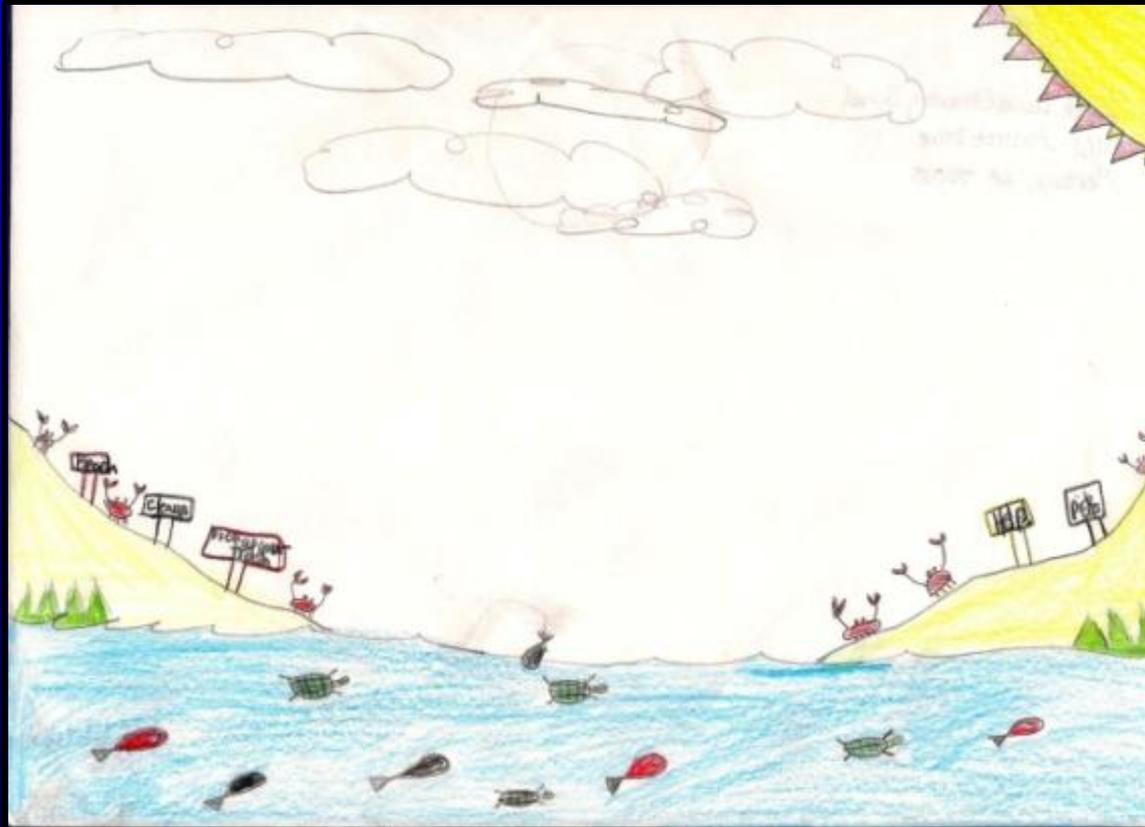

**Tiffany Horter, 4th Grade
Seattle Aquarium**

The Ocean and Humans are inextricably interconnected.

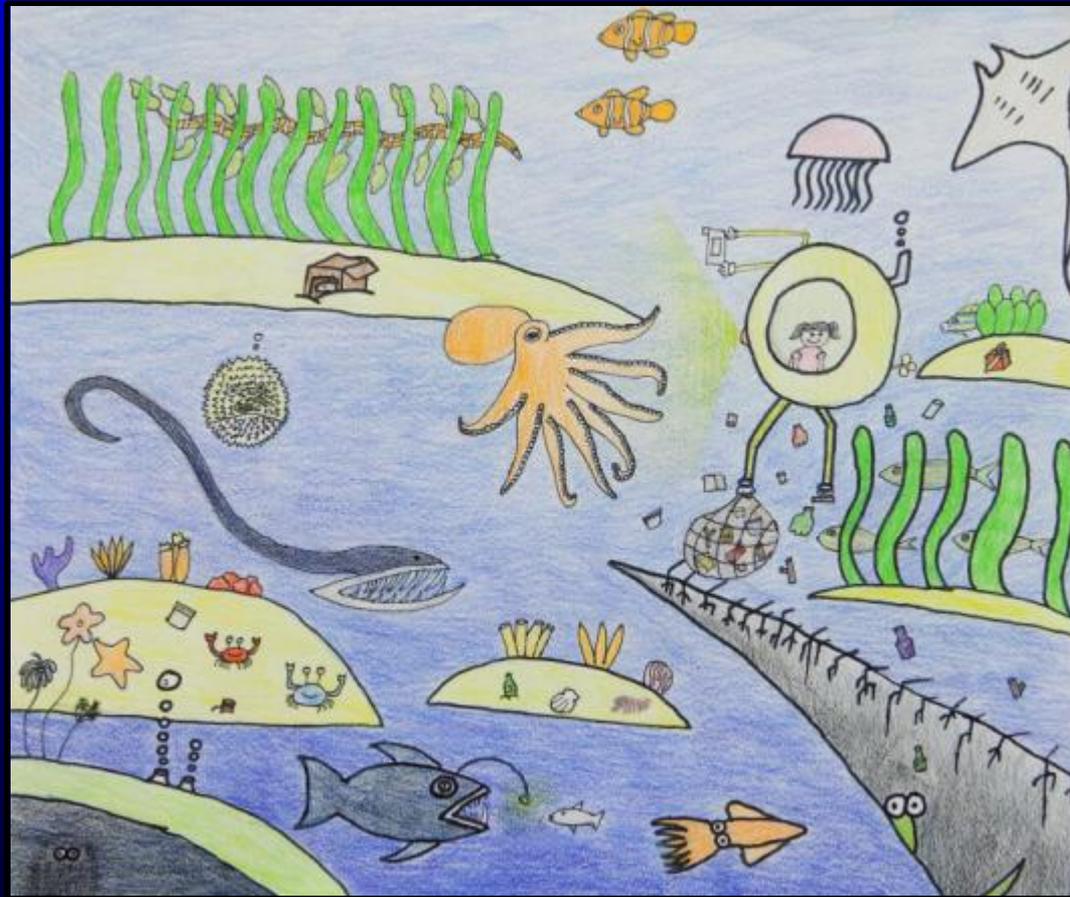

**Mariana Ramirez Murillo, 4th Grade
Acuario de Veracruz**

The Ocean and Humans are inextricably interconnected.

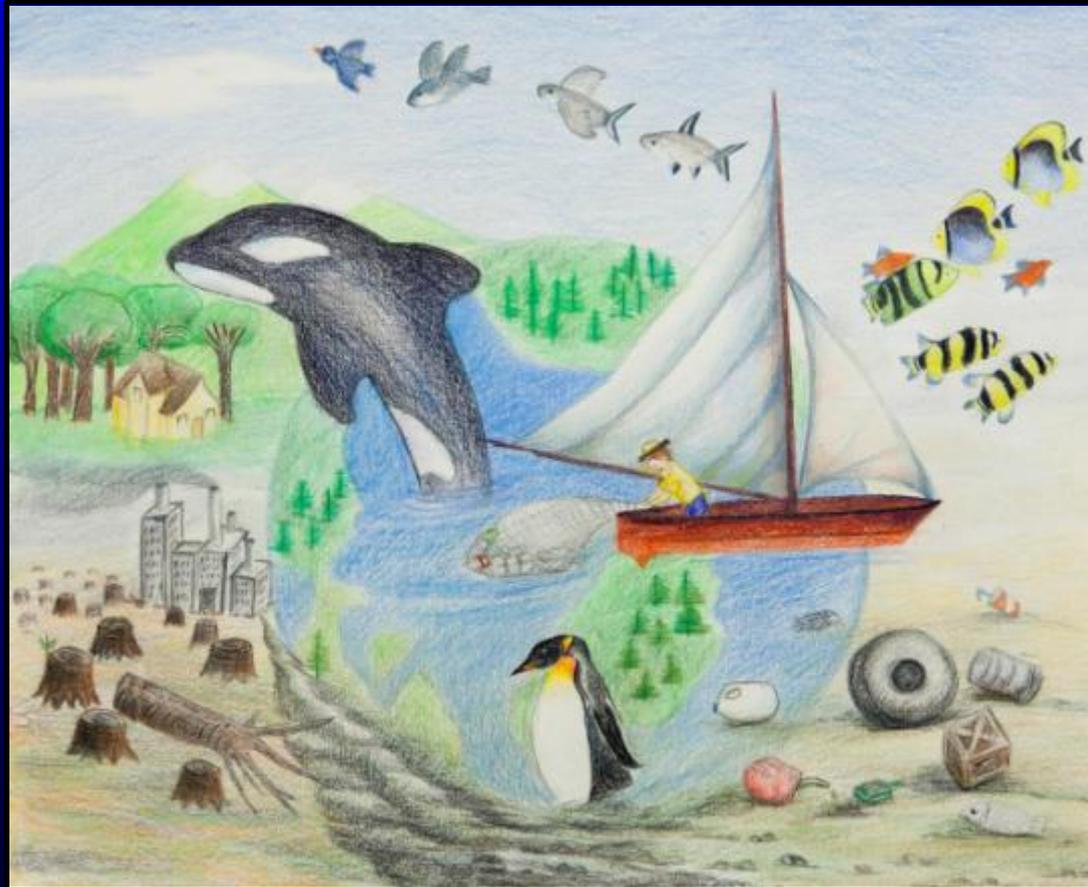

**Kaleb Walter, 4th Grade
Aquarium of the Americas**

The Ocean and Humans are inextricably interconnected.

Angela Deng, 4th Grade
John G. Shedd Aquarium

The Ocean and Humans are inextricably interconnected.

Timothy Li, 6th Grade
John G. Shedd Aquarium

The Ocean and Humans are inextricably interconnected.

**Deanna Gonzalez, 6th Grade
Texas State Aquarium**

The Ocean and Humans are inextricably interconnected.

**Yuto Yamada, 6th Grade
Waikiki Aquarium**

**The Ocean and Humans are inextricably
interconnected.**

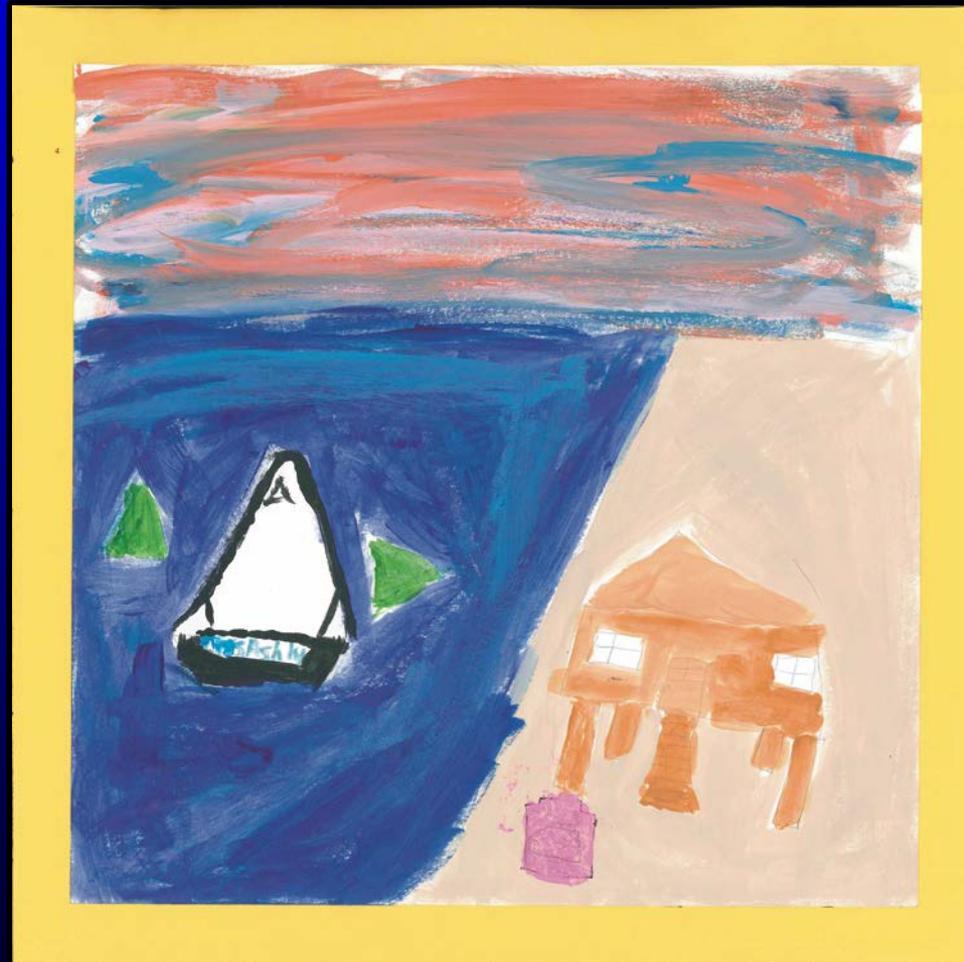

**Hayley Lekanof, 7th Grade
Alaska SeaLife Center**

The Ocean and Humans are inextricably interconnected.

**Adam Roque, 7th Grade
Adventure Aquarium & NJAAS**

The Ocean and Humans are inextricably interconnected.

**Tori Montjoy, 7th Grade
Dauphin Island Sea Lab**

The Ocean and Humans are inextricably interconnected.

Karime Lozano Tijerina, 7th Grade
Acuario de Veracruz

The Ocean and Humans are inextricably interconnected.

**Carolyn Kvernvik, 7th Grade
Alaska SeaLife Center**

**The Ocean and Humans are inextricably
interconnected.**

**Kayla Drumm, 8th Grade
Alaska SeaLife Center**

**The Ocean and Humans are inextricably
interconnected.**

**Kallie Glidewell, 9th Grade
Aquarium of the Americas**

The Ocean and Humans are inextricably interconnected.

**Deborah Bitanga, 9th Grade
Alaska SeaLife Center**

The Ocean and Humans are inextricably interconnected.

**Cristina Dominguez Andrade, 10th Grade
Acuario de Veracruz**

The Ocean and Humans are inextricably interconnected.

**Malinalli Ramirez Martinez, 10th Grade
Acuario de Veracruz**

The Ocean and Humans are inextricably interconnected.

**Rebecca Kessel, 11th Grade
The Florida Aquarium**

**The Ocean and Humans are inextricably
interconnected.**

**Kevin W. Dirksmeyer, 11th Grade
Texas State Aquarium**

**The Ocean and Humans are inextricably
interconnected.**

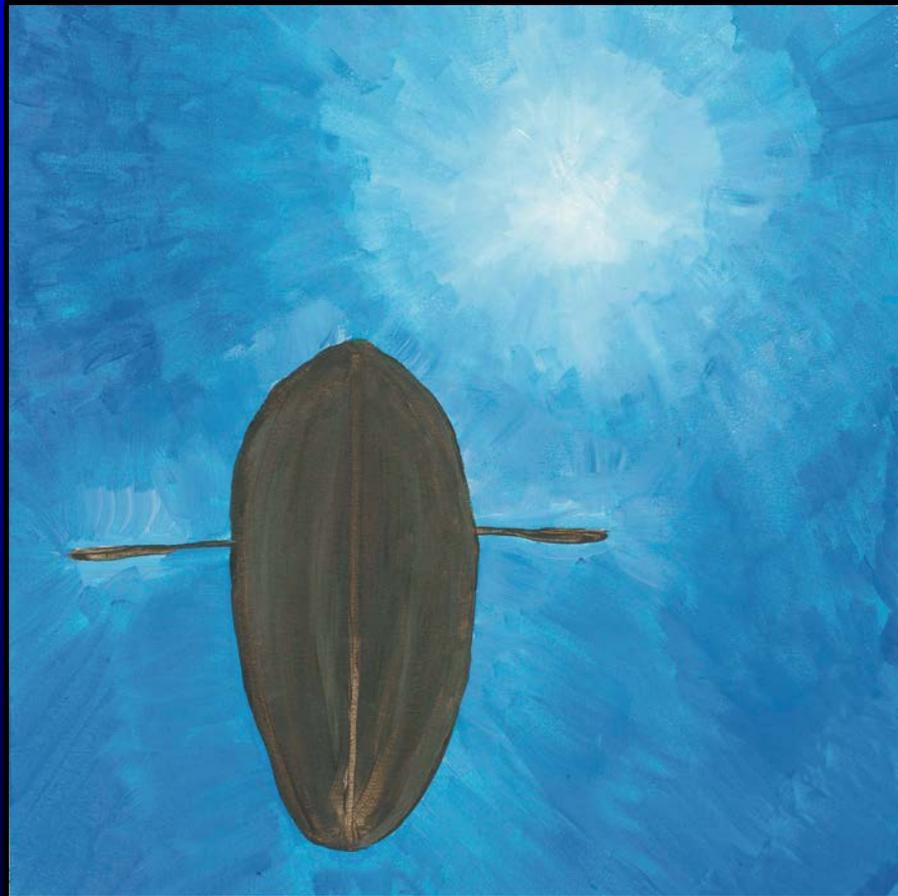

**Tiffany Kim, 11th Grade
Aquarium of the Pacific**

**The Ocean and Humans are inextricably
interconnected.**

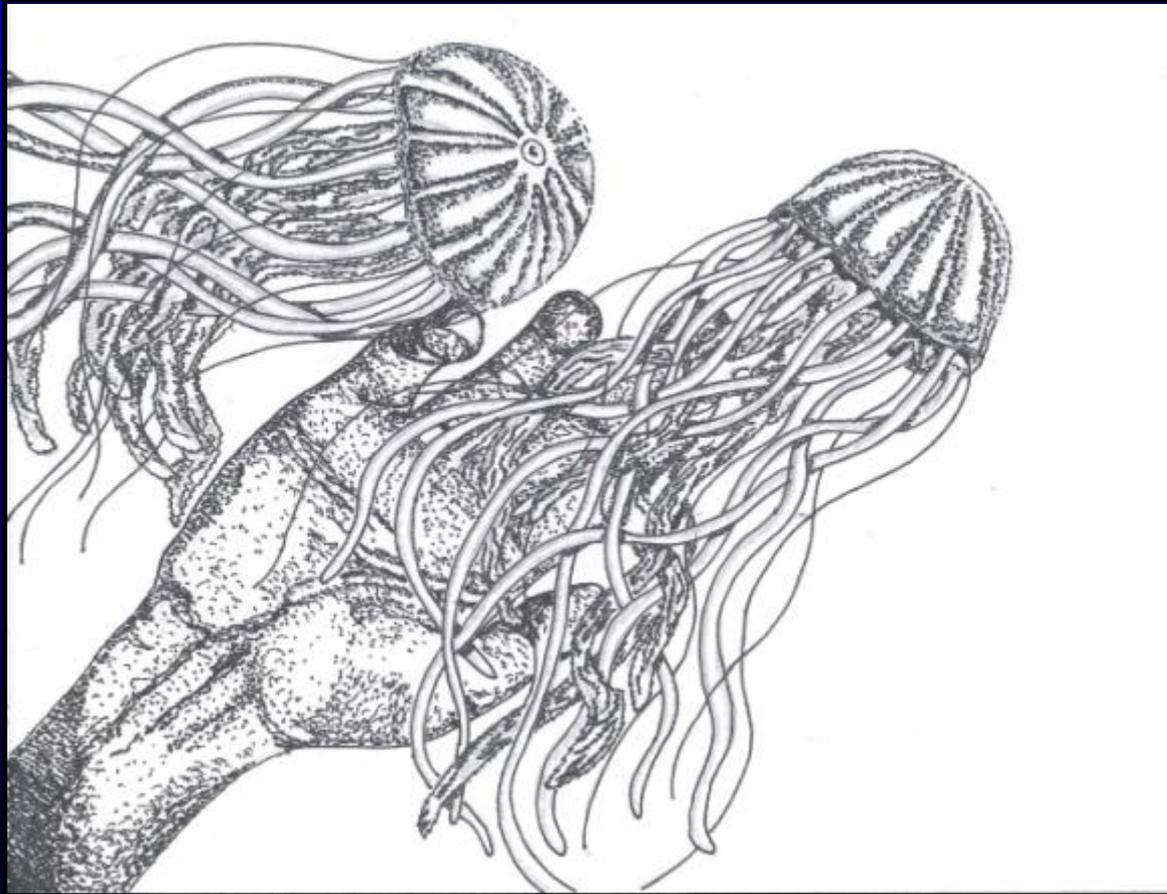

**Samantha Hansen, 12th Grade
The Florida Aquarium**

The Ocean and Humans are inextricably interconnected.

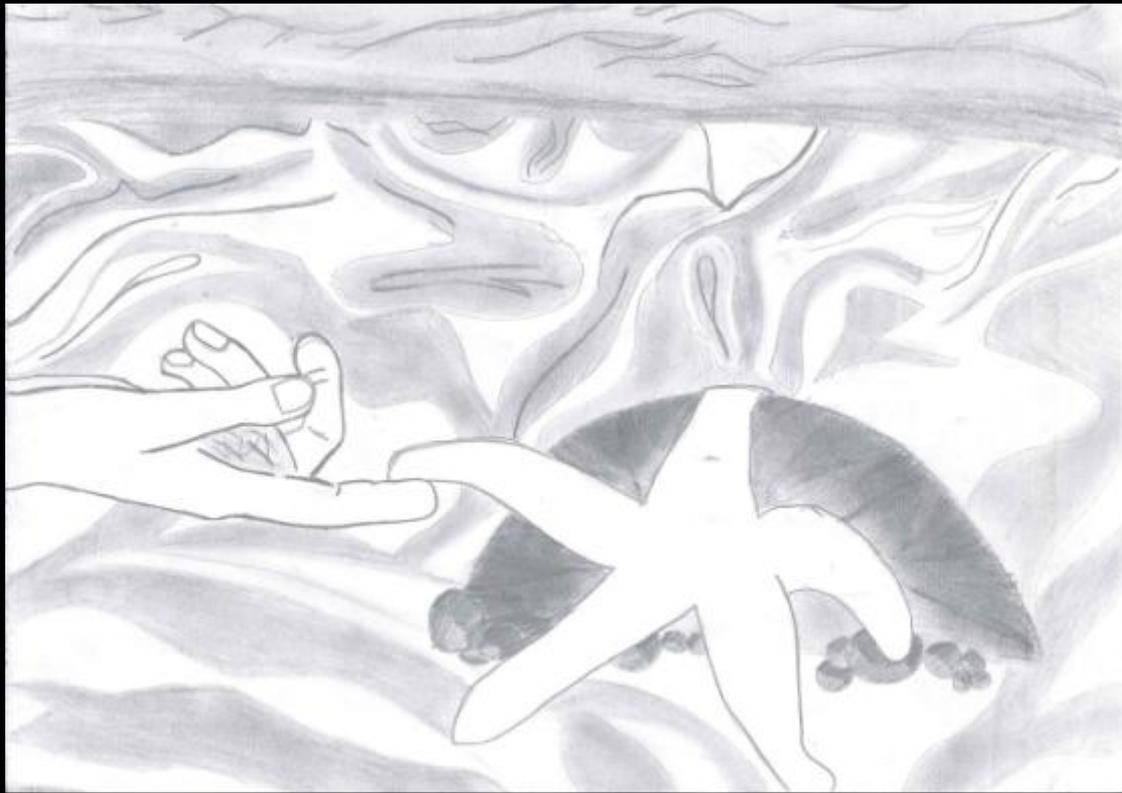

**Maegan Reynolds, 12th Grade
Dauphin Island Sea Lab**

**The Ocean and Humans are inextricably
interconnected.**

**Evan Dixon, 12th Grade
Dauphin Island Sea Lab**

**The Ocean and Humans are inextricably
interconnected.**

**Hayley Sylvester, 12th Grade
Dauphin Island Sea Lab**

**The Ocean and Humans are inextricably
interconnected.**

**Denmon Mims, 12th Grade
Dauphin Island Sea Lab**

The Ocean and Humans are inextricably interconnected.

**Jasmine Carpenter, 12th Grade
Dauphin Island Sea Lab**

**The Ocean and Humans are inextricably
interconnected.**

**Katie Georgas, 12th Grade
The Florida Aquarium**

**The Ocean and Humans are inextricably
interconnected.**

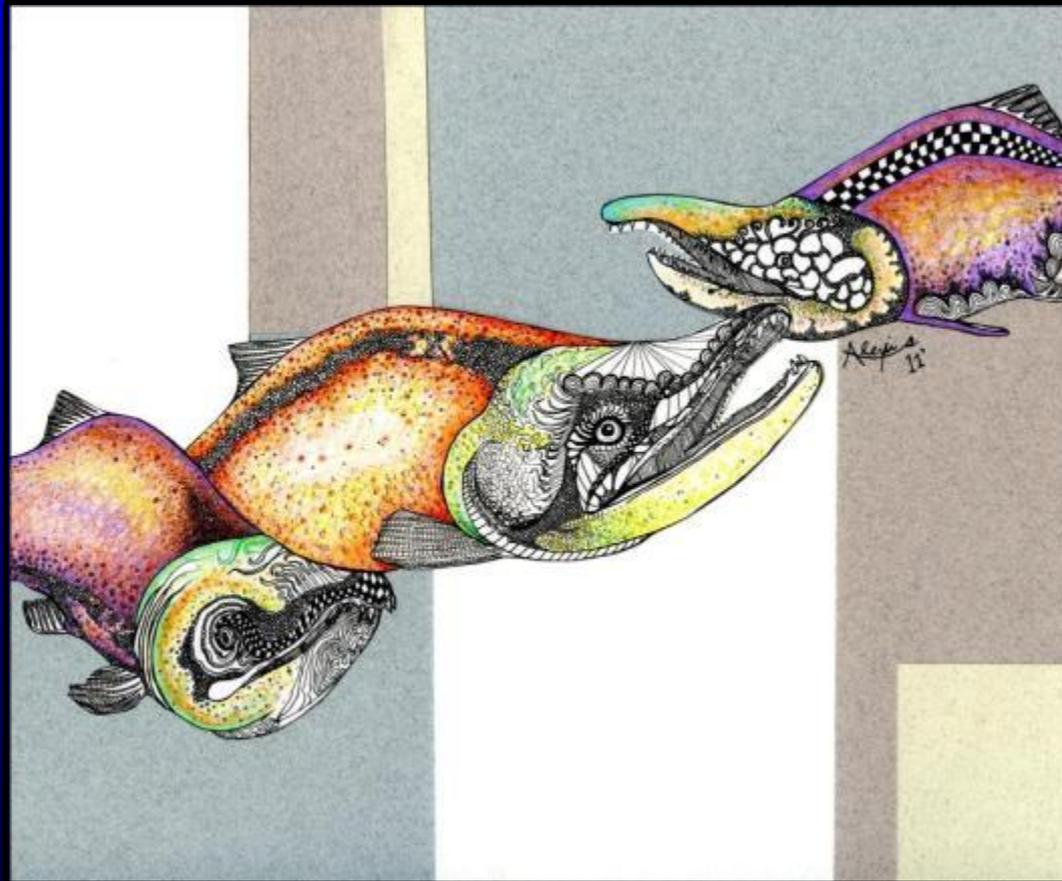

**Aida Luengas Cobos, College Freshman
Acuario de Veracruz**

The Ocean and Humans are inextricably interconnected.

Joyce K. Lee, College Junior
Aquarium of the Pacific

**The Ocean and Humans are inextricably
interconnected.**

**Alexis Gillett, College Senior
Alaska SeaLife Center**

The Ocean and Humans are inextricably interconnected.

"When you realize the value of all life, you dwell less on what is past and concentrate more on the preservation of the future."

-Dan Fensky

**Cali Sales, College Senior
Aquarium of the Pacific**

**The Ocean and Humans are inextricably
interconnected.**

**Erin Wong, College Senior
Aquarium of the Pacific**

**The Ocean and Humans are inextricably
interconnected.**

**Edmund Liang, College Junior
Aquarium of the Pacific**

**The Ocean and Humans are inextricably
interconnected.**

**Bianca Castro Gutierrez, College Senior
Acuario de Veracruz**

Principle 7

The Ocean is largely unexplored.

The Ocean is largely unexplored.

**Anthony Barbano, 2nd Grade
Seattle Aquarium**

The Ocean is largely unexplored.

Destiny Zamora, 2nd Grade
The Florida Aquarium

The Ocean is largely unexplored.

**Chloe Clark, 2nd Grade
North Carolina Aquariums**

The Ocean is largely unexplored.

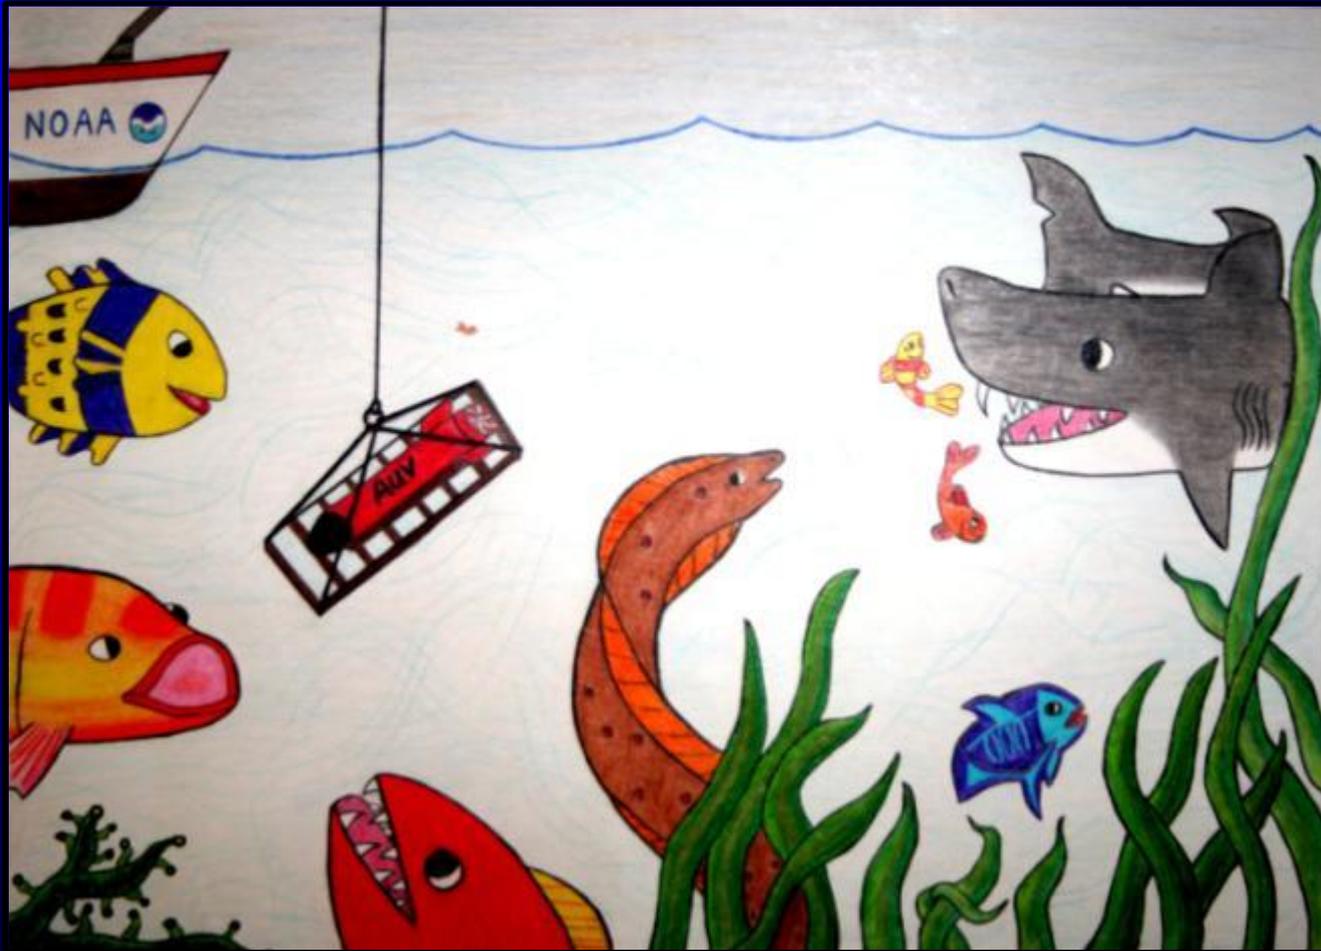

Storm D Rohrer, 4th Grade
Alaska SeaLife Center

The Ocean is largely unexplored.

**Hana Basu, 4th Grade
Seattle Aquarium**

The Ocean is largely unexplored.

**Andrew Avila, 4th Grade
Aquarium of the Pacific**

The Ocean is largely unexplored.

**Alexander Hong, 4th Grade
Seattle Aquarium**

The Ocean is largely unexplored.

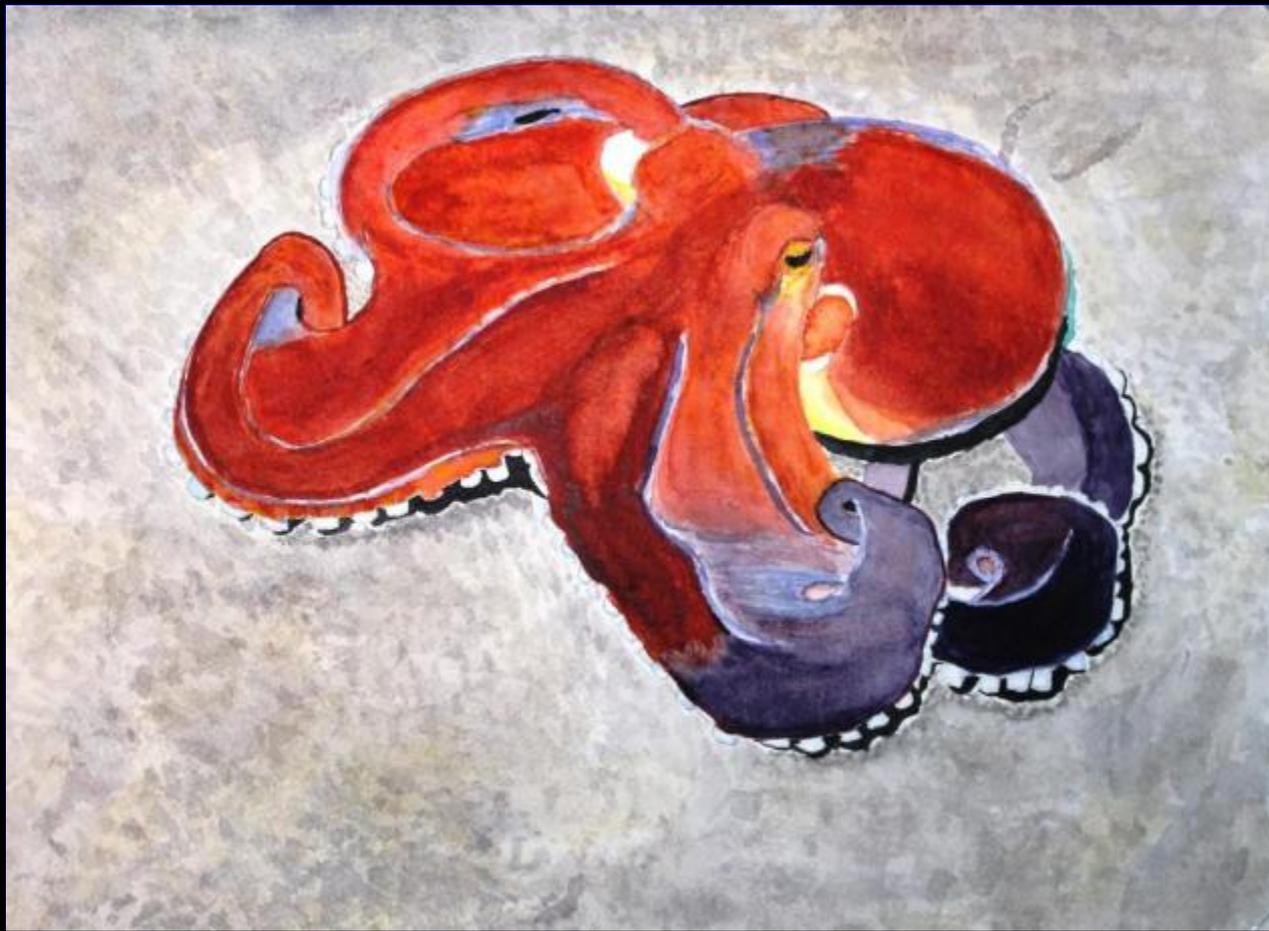

**Minami, 5th Grade
Waikiki Aquarium**

The Ocean is largely unexplored.

**Alyssa Cheung, 6th Grade
Vancouver Aquarium**

The Ocean is largely unexplored.

**Viveka Hernandez, 6th Grade
Alaska SeaLife Center**

The Ocean is largely unexplored.

Katie Nguyen, 6th Grade
Vancouver Aquarium

The Ocean is largely unexplored.

**Emily Gallo, 7th Grade
Aquarium of the Pacific**

The Ocean is largely unexplored.

**Ashlynn Burk, 8th Grade
Dauphin Island Sea Lab**

The Ocean is largely unexplored.

Jorgiane Guasch, 11th Grade

Waikiki Aquarium

The Ocean is largely unexplored.

**Alex Byron, 11th Grade
Adventure Aquarium & NJAAS**

The Ocean is largely unexplored.

**Gabriel Vilorio, 12th Grade
Waikiki Aquarium**

The Ocean is largely unexplored.

**Thomas Smith, College Junior
Aquarium of the Pacific**
